ACADEMY OF THE MOST BLESSED SACRAMENT

... a step ahead in scholarship, service, community and message.

A STEP AHEAD

Academics

13:1 student to teacher ratio allows for small classes, as well as individualized and differentiated instruction so that all learners progress and reach their maximum potential.

Experienced faculty with all classroom teachers certified and many holding master's degrees.

Community

Leadership is developed in a welcoming school culture built on mutual respect, appreciation, and consideration for one another. Younger students are paired with upper elementary and middle school students for various curricular and extracurricular school activities. As students grow and mature, they become leaders who set the example and guide the younger children in our school community.

Service

AMBS students develop character, social responsibility, and teamwork through volunteer work and service projects that may include:

- Drives for local shelters
- Collections for community food pantries
- Care packages for the homeless

Service is school-wide. Students, faculty, and staff team up with the American Heart Association and St. Jude Children's Research Center to raise funds for worthy causes.

Living the Message

We welcome children of all religions and faiths. Our education is rooted in the Catholic tradition of developing mind, body, and soul and encouraging students to bring out the best they can offer to others. Students participate in weekly Prayer Circles, form lasting Prayer Partner relationships, and attend Mass together as a school.

AT-A-GLANCE

Founded
1963

Location
Franklin Lakes, N.J.

A SUPERIOR EDUCATION

Well-rounded curriculum develops well-rounded students. In addition to the core curriculum (math, science, reading, literature, and social studies) and religion, all Pre-K to grade 8 students study art, music, Spanish, physical education, and health. Technology and multimedia applications are utilized by students to demonstrate knowledge and showcase projects.

21st century technology is integrated across the curriculum to make teaching and learning more meaningful and engaging. This includes SMART Boards in every classroom, and laptops and iPads available in school.

Look at Our Outcomes: 33% of graduates in 2015 were awarded full academic scholarships to a Catholic high school of choice.

"AMBS is about challenging academics in the most nurturing environment. The values you hope your child develops don't just happen. There are plenty of opportunities here for students to learn how to become responsible young people of character who can make good decisions and know how to be good friends to one another."

—Roberta Primerano
AMBS Parent

Extracurricular Activities

Participation spans grades, building relationships and lasting friendships

- STEM
- Model UN
- Student Council
- Spring Musical
- Choir
- Basketball — 6 teams from grades 3–8!
- Plus, afterschool clubs in origami, crochet, gardening, running, and more.

AMBS Feels Like Family

Traditions and family activities like the Pumpkin Lighting, Advent tree lighting, school concerts, ice cream socials and other school-wide events bring parents, students, siblings and the school staff together.
